

The Art of the Brick

Nathan Sawaya

June 19, 2020–Jan. 31, 2021

SPECIAL TICKET REQUIRED

Build Contest Winners

Age 3-5 Year Old Category Winner

Emery Clark, age - 3 years, Centennial, CO

Sculpture title:

Rainbow Fish

Artist's statement

I made a fish because it is fun. My favorite part is the snowflake 'bubble.'

Age 6-9 Year Old Category Winner

Magni Aquila Bennedsen age 8, Pueblo West, CO

Modi Asher Bennedsen age 8, Pueblo West, CO

Sculpture title

Regrowth After the Bush Fires in Australia

Artist's statement

We have family in Australia and it was scary and sad to see fires destroying the wildlife and vegetation. We were also amazed to see flowers regrowing in the ashes and animals recovering. We wanted to show the hope that things can get better and that nature is strong.

Age 10-14 Year Old Category Winner

Macy W. age 11, Commerce City, CO

Sculpture title

DMNS Science Fair!

Artist's statement

My school never had a science fair so this was a perfect substitute for that and I didn't think anyone else would think of making one for this contest. Doing this project was a fun way to use my time during quarantine.

Age 15-18 Year Old Category Winner

Austin Hocking, age 17, Berthoud, CO

Sculpture title

Blue Dragonfly

Artist's statement

I have always liked the unique look of the Dragonfly with its slender body, quadruple wings, and especially the large round eyes that make up a majority of its head. These organic shapes (while more difficult than geometric constructions) were refreshing to explore and play around with.
