

# HUGMAN

## Scavenger Hunt

In celebration of our incredible temporary exhibition, “The Art of the Brick,” there are nine Hugmen—LEGO® brick sculptures hidden around the Museum!

-----  
**CAN YOU FIND THEM ALL?**  
-----

LEGO artist Nathan Sawaya created the Hugmen—miniature brick men he would leave on the street clinging to signs, benches, trees, and fences—as a street art installation in New York City in 2009.

**LEVEL 1:** (but visible from all three levels)

- **Information Desk** (across from the Museum Shop and the T-rex Café seating area)  
Look up and to the right. The Hugman is hanging from a bracket in the main atrium on Level 2.
- **South East Atrium**  
Walk a short ways into the atrium. Look up at the large screen hanging from the ceiling. The Hugman is hanging on to the support truss.
- **Morgridge Family Exploration Center**  
Walk to the center of the floor and look at the Science Screen. The Hugman is standing on a ledge on above the screen, on the left side.

**LEVEL 2:**

- **Wildlife Halls - Australia**  
Look for the Kangaroo diorama. Move up close to the glass and look to the left. Look on the ground near the last emu on the left. The Hugman is holding a black dog, and is on the ground behind the emu.
- **Wildlife Halls - Edge of the Wild**  
Look for the large cross section of a tree. Look up. The Hugman is holding a white dog, and is standing on a bracket.

**LEVEL 3:**

- **Wildlife Halls - Explore Colorado**  
Make your way to the center of the Explore Colorado section. Look for the large display in the middle of the walkway. Look up. The Hugman is holding a brown and white dog, and is standing on top of a ledge on that display.
- **Wildlife Halls - Botswana**  
Find the Watering Hole diorama. Move to the right hand side. Find the zebra. Look under the zebra. The Hugman is holding a dog and standing underneath the zebra.
- **“Prehistoric Journey”**  
Enter through the main entrance, and follow the exhibition pathway until you reach the large dinosaur room near the end. Find the *Allosaurus* and *Stegosaurus* display. Stand in front of the display. Look up and to the left. The Hugman is holding a brown dog, and is standing on top of a ledge nearby.
- **“The Art of the Brick”**  
Go to the main entrance for the exhibit. Look up. The Hugman is holding a white dog, and is standing on a ledge above the entrance.
